

FALL 2025

SCHOOL DESIGNED PRACTICUM COURSES

Temple Law School is pleased to announce the following Fall 2025 School Designed Practicum courses. The individual description for each practicum sets forth what materials to submit, to whom you should submit the materials, and the application deadline. Placements for a given practicum will not be made until after the application deadline for that practicum.

A Practicum combines an experiential learning project with supervision and evaluation by a member of the full-time faculty. Some Practicum courses are designed individually by the student in consultation with a faculty member; others are recurring projects that faculty members sponsor, like those listed below.

Below is a table of contents grouping our School Designed Practicums in three broad categories: Confirmed, Pending Confirmation, and No Longer Accepting Applications. The practicum opportunities confirmed for next semester are further organized by application deadline date.

We encourage you to apply for any practicum opportunities that are confirmed or pending confirmation for Fall 2025. The information contained in Pending Confirmation section, including whether the practicum will ultimately be offered in Fall 2025, is subject to change. In the event we confirm that any of our practicums pending confirmation will not run in the fall, we will notify applicants and update this catalogue accordingly.

Students who wish to apply for more than one School Designed Practicum should email lawpract@temple.edu with a list of the practicums to which they wish to apply ranked in order of preference.

If you have additional questions or would like further guidance on Practicum selection for Fall 2025, please contact lawpract@temple.edu.

There are up to two slots available for second- and third-year students in this Practicum supervised by Associate Dean Kristen Murray.

The Education Law Center (ELC) – Pennsylvania is a public-interest law firm dedicated to ensuring access to a quality public education for all children in Pennsylvania. ELC pursues its mission through litigation and policy advocacy on behalf of the most vulnerable students—children living in poverty, children of color, children in the foster care and juvenile justice systems, children with disabilities, English Language Learners, LGBTQ students, and children experiencing homelessness. ELC has three priority program areas which often intersect: ensuring equal access to school, advocating for fair school funding, and dismantling the School-to-Prison Pipeline.

In this Practicum, students will support ELC's direct representation activities by handling intake calls from clients and will support ELC's litigation and legislative advocacy through legal research and writing. There are likely to be opportunities for at least one student to work on discovery and/or trial preparation in a major school finance adequacy/equity case.

Students will need to commit to 10 hours per week to this Practicum. If you are interested in this opportunity, please forward a cover letter/statement of interest addressed to the "Education Law Practicum – Education Law Center Practicum Selection Committee" and a resume to lawpract@temple.edu by 12:00 PM on Tuesday, April 15, 2025.

Via its Enforcement Staff, the Board investigates potential violations of the laws within its jurisdiction and enforces those laws through administrative adjudication or court proceedings. Firmly rooted in Philadelphia for over 80 years, the Defender Association stands as the city's vanguard for indigent defense.

The CAU utilizes a multi-disciplinary approach to child advocacy by teaming attorneys and social

workers to represent our young clients. They represent most of the dependent children in Philadelphia, and presently have (16) staff attorneys and (34) social workers/social service advocates.

In this Practicum, students are expected to participate in all aspects of representing our clients, who range in age from birth to 21 years of age. The practicum curriculum will focus on how to collaboratively work a case using a strengths-based lens of looking at the family and how to navigate the system for the maximum benefit to the client; our multi-disciplinary team approach (social worker/attorney); courtroom experience (permanency and dispositional hearings); developing interviewing, counseling and investigatory skills; research into community programs and services for our clients and their families; collaboration with outside agencies to meet the needs and welfare of our clients; ethical considerations inherent in our dual role of counsel and guardian ad litem; developing the appropriate tools to successfully communicate with clients and conduct legal research, analysis and writing as needed.

EMPLOYMENT LAW PRACTICUM (CAREERLINK UNEMPLOYMENT NAVIGATOR)

There are up to two slots available for second- and third-year full-time students in this Practicum.

The experiential learning project offered with this Practicum is with Philadelphia Legal Assistance. PLA is a grantee of the US Department of Labor's very first Navigator grant. The idea behind the program is to provide individualized assistance to underserved populations who struggle to access Unemployment Compensation (UC). Part of PLA's project under the grant is providing in-person navigator services at CareerLink North (4261 N 5th St, Philadelphia, PA 19140) on Mondays and Thursdays. PLA helps workers, many of whom speak Spanish as their first language, understand the UC system and their potential eligibility, and assist them with filing initial applications for benefits, weekly claims, and appeals. Many of these workers would never submit an application or follow up on the benefits if it wasn't for this one-on-one assistance. A lot of this work is showing claimants how to use the online computer system while educating them about the whole process.

We would love to pair a law student with our staff navigators on Mondays and Thursdays. They would be supervised by an attorney. Students will have a lot one on one client assistance and achievable results!

This Practicum is ideal for law students who are committed to, or interested in learning more about, employment law, and who are eager to work with clients. Students must commit to 6.5 hours per week for a 2-credit practicum and be available for at least two blocks of time (three hours each) in person Monday and/or Thursday between 9 am and 3 pm to work with clients. All other times may be fit around your schedule and can include remote work. If you are interested, please forward your resume and a cover letter/statement of interest addressed to “Employment Law Practicum Selection Committee – CareerLink Unemployment Navigator” to lawpract@temple.edu. CRIMINAL JUSTICE PRACTICUM (PHILADELPHIA LAWYERS FOR SOCIAL EQUITY)

There is one slot available for second- and third-year law students in this Practicum supervised by Professor Noelia Rivera-Calderón.

Philadelphia Lawyers for Social Equity (PLSE) offers free legal representation to low-income clients who are trying to clear their criminal records so they can qualify for better jobs, housing, credit, and other benefits. (By way of background, if someone is arrested in Pennsylvania and charged with a crime, even they never had to attend court or were later found not guilty after a trial, or anything in between, they still have a criminal record. Unless it is sealed or a judge orders it to be erased or expunged, that criminal record is permanently available on the internet to the public. The only way to get a conviction off your record, even if it was committed decades ago, is to get a pardon from the Governor of Pennsylvania.) Through its Criminal Record Expungement Project, PLSE files petitions for expungement that, after a hearing, could result in a judicial order that commands the City and State police and other agencies to remove the information of that person’s criminal history from their record. PLSE files over 2,400 expungement petitions per year. Additionally, PLSE has a growing community education and outreach program.

In this Practicum, students will have a range of duties, with tasks varying week to week. Students will conduct intakes at community clinics and on the phone, draft and review expungement petitions, inform clients about updates in their case, and accompany the attorney to court. Students who are certified legal interns under Rules 321 or 322 of the Pennsylvania Supreme Court may have the opportunity to argue motions for expungement in court. Students will conduct research and write legal memoranda. There will be opportunities for public speaking and community presentations, as well as attending and tabling at community events. Students will have an opportunity to have a hand in their rapidly evolving pardon project and help develop the curriculum. PLSE is a rapidly growing small organization, and as such, there are constantly evolving projects that require creativity, flexibility, and initiative.

This Practicum is ideal for students with an interest in criminal justice, public policy, and public interest. Students must commit at least 10 hours a week to this Practicum. The experiential component of this Practicum will be in-person. If you are interested, please send a resume and cover letter addressed to “Criminal Justice Practicum Selection Committee – Philadelphia Lawyers for Social Equity” to lawpract@temple.edu.

There is one slot available for second- and third-year law students in this Practicum supervised by Professor Sarah Katz.
